About Computer Science Abroad

Computer Science, Cyber Security, and Game design are growing fields in the world. Understand the topics from a global perspective by studying Game Design in Australia or Cyber Security in South Africa.

Featured Fields

- Computer Science
- Cyber Security
- Game Design

AIFS Abroad also offers international internships related to these fields! Similar to study abroad programs, an international internship program allows you spend time abroad while gaining professional working experience. You may even be able to receive credit for an internship! If you're interested in learning more, visit www.globalexperiences.com.
